Obtaining a permit for the outdoor display of merchandise

In order to display merchandise outside of your store, you need to obtain a permit annually from the Borough of Spring Lake.

Pick up an application at Borough
Hall or download one from the
Spring Lake Business Improvement
District web site. The application is
a simple form that must include a
sketch identifying the approximate
location of items to be displayed.

There is a first-time application fee of \$50. A renewal application for substantially the same arrangement will be \$25 each year. The application is submitted to the Code Enforcement Officer for review. The Code Enforcement Officer then will submit a recommendation to the Borough Council. Council approves application by resolution.

Planters

The merchandise display ordinance does not change the planter ordinances. However, we strongly recommend not exceeding the allowed display space with the combination of your planters and merchandise display.

Planters cannot extend further than 24 inches (including plants) from the existing building front, cannot reduce the passable width of the adjacent sidewalk to less than 72 inches and cannot come within 24 inches of any doorway, alley or similar passageway. Planters may vary slightly in size or configuration but shall be no less than 12 inches nor more than 18 inches in height.

Planters must have white or natural color finishes and shall be fabricated of durable low maintenance materials such as fiberglass, redwood, cedar, terra-cotta, or similar clay-based products. Planters must be maintained at all time by property owners and the maintenance and security of the planters is solely their responsibility.

Outdoor display of merchandise for Spring Lake retailers

June 24, 2008, the Spring Lake Borough Council passed a Display of Merchandise ordinance at the request of the Spring Lake Business Improvement District (SLBID). The purpose of the ordinance is to enable retailers to create additional visual appeal for their businesses. Very careful consideration went into the drafting of the proposed ordinance by the SLBID. The display ordinance is a very new concept for Spring Lake and the SLBID felt it important to strike a balance between the needs of retailers and sensitivity to

the traditional ambiance of Spring Lake.

If the business community is to continue to benefit from Borough government being responsive to their needs, it is extremely important that every business make a sincere effort to comply with the require-

ments of the ordinance. The purpose of this brochure is to assist you to comply.
